Weapons of Mass Distraction - Obama's Tea Party

The Truth About The Obama Tea Party

Well well well. Here we are again. I would first like to wish everyone a happy belated Easter. This is of course the time of the year where the diabolical religious institutions have every body out here [worshiping a fertility god](#) in the name of their savior while never once stopping to ask themselves "**Where does the name Easter come from and what besides nothing does a bunny (not a chicken) laying some eggs have to do with a man named Jesus dying on a cross and being resurrected 2,000 years ago?**"

But anyway...I'm not here to discuss all that. Today I want to talk about WMD's. **Weapons of Mass Distraction.** Now, if you have read my Blog for any amount of time, you will know that there is an unseen hand that is running this country, and the planet for that matter. And since the 1990's there has been a RUSH of information that has been coming out about the secret societies, the new world order, the illuminati etc etc... We are truly in the information age and because of the internet, this info is running rampant. People are starting to realize what is going on. So of course an action plan had to be devised to "intercept" the flow of information. One way to intercept the flow is to send out your own "**agents**" who claim to expose the conspiracy. They tell you 90-95 percent truth, but then they hold back critical info or mix it with some garbage and **confuse** the masses. Nowadays you will find that a lot of the conspiracy theorist **work for the conspirators themselves.**

But another way to stop the revolution is to "**distract**" people from

1. **What** they should be seeing
2. **Who** they should be seeing &
3. What they should be **DOING!**

The Tea Party (which I will talk about today) is guilty of at least the first two. Now... there are many ways to distract people. Some of them are Sports, Entertainment (Unreal Reality TV shows etc), Celebrity Gossip and of course the U.S. Presidential (S)election every four years. These are all tools used to keep the masses occupied while the so called elite continue their agenda. But one of the most effective ways to distract people is **RACISM!** Racism is the biggest diversion out there, and it is being used now more than ever.

You see, back when Hillary Clinton started throwing the election by doing unnecessary stupid things like saying that she had been [shot at in Bosnia](#), I could kind of see the writing on the wall. Now, what I'm about to say may sound shocking but it is very true. While a lot of Black people claim to be against the "White Power Structure," looking at it from a "racial" perspective, having a Black Man in the office of Presidency is the **perfect and ideal situation** for so called White Supremacy. Why? You see, when G-Dubya was in office, Black people KNEW that everything that came out of Bush's mouth was a lie. As a matter of fact, even if he was telling the truth, it was still assumed he was lying. There was a lot of revolutionary talk going on amongst a lot of the masses. And [after Katrina](#), it had almost reached boiling point. Then came Obama to the rescue (who did he rescue?).

You see, having Obama in office accomplishes two things.

1. The Puppet Masters can get all kind of legislation passed, and other things done through Obama, and most Black people (and a lot of minorities in America) will let it go and they will trust Obama because he is BLACK!
2. They can also distract all races by stirring up Racial Tension and diverting people away from what is going on.

One classic example of this is Alex Jones. When Bush was in Office, Alex Jones had his foot all up the president's behind. Every time a new law was passed a new "New World Order" documentary came out about how this White Supremacist Skull & Bones man was doing evil. Black folks ate it up. You even saw some of Alex Jones documentaries on the African Centered Sites! Then when Obama got in office, Alex Jones immediately smacked him with a diss record called, "[The Obama Deception](#)" lettin you know the New World Order was still movin right along. It was a HIT! Obama was about to fall and something had to be done. Alex Jones had developed a strong Black following (people watching his material for informational purposes). Obama would have been in trouble. But Racism came to the rescue. Now all of a sudden people are running around saying, "OH... Alex Jones is a White-Devil! He is attacking Obama because he is Black!" LOL... Hey, everybody is entitled to their own opinion, but if Jones is a devil, at least (**unlike a lot of these Black Folk who used to be anti-government and pro grass roots**) he is consistent!!! A lot of these Black people (who after the election were sitting around celebrating like the Illuminati had just left the building) would be pitchin a fit about this "Sick" Care plan that is about to get you thrown in Jail if you don't pay the **\$695 fine** that you will eventually have to pay every year if you don't get health insurance. Especially if you don't believe in Drug Dealers... oops... I mean... Doctors.

You see, Racism is being used to distract people away from Obama's actions. This is why every 5 minutes some NEW way of "disrespecting" Obama and Black people in general comes up. If it's not somebody calling Michelle Obama the [first B*\(&h of the Whitehouse](#), or the U.S. Census Bureau putting Negro on the 2010 Census forms (oops... **We didn't realize that would offend Black people**), or some preacher with 5 members (including the dog) saying he wants [Obama dead](#), it's something else. This constant foolishness (whether real or **STAGED**) agitates Black folk to the point that anything anyone says against Barack is perceived as Racist... even if it is true. **AND THAT IS THE OBJECTIVE!**

Now, let's look at the other side of the coin and how the Tea Party and other groups use Racism. Well first, why do I say that the Tea Party is using racism? I mean the Tea Party claims that Yes... they have a problem with Obama... but not because they are racist or anything. And we have already talked about how a White person can be perceived as racist just for saying something about Obama... even if it is true, right? Now I realize that often times people from different races live in different realities. And some people may not understand why this recent attack on the Obama administration is being perceived as racist. So let me explain.

The Tea Party claims that what Obama is bringing America into a state of **socialism** and or **communism**. They say that what he is doing is even bordering on **NAZI-ism**. They claim that what he is doing is very similar to what the Nazis did in Germany (universal healthcare etc etc.) Now... for the record, if you do your research, you will find that there is a lot of **TRUTH** in what they are saying! So... why would this be racist? Well, consider the following. Before Obama was in office... we had a man in office named **George Bush**. Now... George Bush's grandfather (Prescott Bush) financed the Nazis during World War II... Now after the War was over... the Nazi's (contrary to popular opinion) didn't just vanish into thin air. They came right over here to the good ole U.S. and [had a big hand in starting the C.I.A.](#) in which George Bush's Father was the head of at one point and seems to have played a [large role in the Death of J.F.K.](#) (after he supposedly had plans to break up the CIA). But all in all... that is no reason not to rig an election and let Bush Jr. in... Right?

Well if you read my article, "[The "Pimp" Juice Conspiracy](#)", you will see the exact methods that the Nazi's used to take over Germany. But not only that... if you are observant enough... you may even notice a parallel between what they did, and the [events of 9/11](#)! Now, once again, people are calling Obama Hitler and saying that this healthcare bill is draconian. I won't really disagree with that, but if I had a choice... I would take the healthcare bill over the PATRIOT ACT (signed during the Bush administration) ANY DAY! Because the Patriot Act will get you behind locked up for NO reason, with NO explanation, and NO trial for NO specification of time just because the government says that they are "suspicious" that you are a terrorist (even though there is no clear definition of "terrorist"). And that 9/11 stunt pulled during the Bush administration? You've got to be kidding me!

Now why am I saying all this? Because simply put... if all these people (not necessarily just the Tea Party, but people in general) were REALLY concerned about NAZI ism, **they would have had a cow a long time ago**. Say what you will about Obama, but Bush is 3 times the NAZI that Obama is. Obama aint done nothin yet (of course, he hasn't been in office that long either). You see, the truth be told, America has been NAZI ever since the Nazi's! So why is it when a Black Man gets in office that "all of a sudden" people are SOOO riled up that they want to shoot somebody? Why are congressmen's lives NOW being threatened (as well as other foolishness like sending white powder to the government-that is... if that really even happened)?

And Bush's ignorant behind? Guns would have been cleaned, shot, reloaded, shot again, cleaned again, reloaded again and shot again! Now... I'm certainly not saying that the Tea Party is responsible for all of the foolishness that went down after the

Healthcare Bill was passed, but I am using them as the example because they are the forerunners in all of the Anti-Obama rhetoric. So while I have never been an Obama supporter ([read my Election Updates](#)), I can certainly feel why some people feel that his presidency is being disrespected. I mean America has been going down the tubes for a long time and the urgency has been stepped up a WHOLE LOT since Brown Skin got in the Whitehouse. I would be offended too... **if I didn't know any better**. And secondly...

Why would someone threaten people in the government's lives **AFTER** the Wealth care bill was signed? Obama has been trying to pass this bill since he got in office. So if you were going to threaten somebody, why not threaten them before hand and say, "**We didn't bring you in this world, but if you all pass this bill, we will take you out!**" Why would you **DELIBERATELY** wait until **AFTER** the bill is passed and **THEN** threaten people? Do you think they will take the bill back now?

Now if you go back a few years to the 2 previous presidents before Obama, you will see a trend. When Clinton was in office, we see the beginning of [Echelon](#) (a.k.a. spying on citizens and trading info = NAZI-ism). Then comes Bush ([9/11 false flag terrorism, Patriot Act signed afterwards](#) = NAZI-ism). So here comes Obama with the "universal" healthcare bill (More NAZI-ism). So, all people with common sense can analyze this. We've now have had Clinton (Democrat) for 8 years... Bush (Republican) for 8 years, and now Obama (Democrat) for about a year and some change. But we still see the same NAZI agenda going forth. **It doesn't take a Rocket Scientist to figure out that there must be a "hidden hand" that is running everything.** And obviously if you destroy the hidden hand, the conspiracy goes away. But the hidden hand doesn't want you to see it. The Wizard of OZ has to keep you distracted so you won't look behind the curtain.

So the Puppet Masters send out the Tea Party (and all the rest)! They are there to "distract" you away from the puppet masters and keep you focused on what you see (Distraction #2). **They point you towards Obama and away from the REAL culprits**. So they (and other groups) go out and "stir the pot" and get people so upset that they forget about the issues. They even put out IGNORANT signs like, "trillion dollar spending is an **OBAMA**nation". Newsflash... we were in trillions of debt before Obama got IN office. And this debt (as well as our current "spending" policies) goes back to the [Federal Reserve Owners](#) who pimped Woodrow Wilson back in 1912-1913!

I remember a person from the Tea Party spoke on the Michael Baisden Radio Show after the bill was passed. The guy said basically that he figured the same type of socialist movement would have continued had McCain gotten in office, (So why do you all have Palin speakin at your events?) but that since Obama has gotten in, it has just

accelerated and the mask has been taken off! So... if you know at this point, that either way (whichever candidate gets in office) we will be moving towards socialism, **then you must know there is a hidden hand controlling the action.** So why not go after that hand?

And for those saying that they want to clean their guns... what for? Who are you gonna shoot, the puppets... or the masters? **Because as soon as you start shooting puppets, then we know you work for the masters!** Why not find out [who owns the federal reserve bank](#) and THEN clean your guns? So whenever you hear people all of a sudden losing their mind over Obama... you know that there is more to the story...

A lot of these so called White Supremacist organizations are guilty of the same thing. When Bush was in office, there was all kind of talk about "The Money Changers"... and "The Federal Reserve Owners"... and "The shadow government". Then when Obama gets in office... suddenly all of those "conspiracies" go away and now it's Obama's fault. This is "Obama's New World Order." So we messed up by putting a Black Man in office. Let's have a revolution against **HIM** and **HIS** administration... classic #2. distraction.

You see, a lot of people are waking up to the fact that maybe the change messiah isn't what we thought he was... A lot of people (even Black folks) had really looked into the health care bill and had **SERIOUS** problems with it. They had even go as far as to say that if Obama passed this messed up healthcare bill that it would be the end of his presidency! So in order to keep people from zeroing in on this, the diabolical ones needed someone to distract everyone. So here comes the Tea Party (and all the rest of these people). After the healthcare bill was passed everyone was about to discuss the truth about what Obama is doing and maybe even what his true agenda was. But we couldn't discuss it. Why?

THE OBAMA TEA PARTY!

Now, after a major major bill got signed, the last thing everybody was talking about was the actual bill! We are all talking about the Tea Party and why they are acting crazy.

Why are they attacking Obama unnecessarily? ARE THEY TALKIN BOUT SHOOTIN SOMEBODY?ARE PEOPLE CALLING UP THE GOVERNMENT AND THREATENING TO KILL THEM?DID THEY SEND WHITE POWDER TO THE WHITEHOUSE?OH Hell No!This is ridiculous.**This is RACISM?**

What... Did you just play the Race Card?**OH HERE WE GO AGAIN...** Everytime somebody says something bad about a Black Person is because they are RACIST!Why can't you all just admit that YA BOY (who we voted for) is a screw up?!

Screw up?BUSH was a screw up!!He screwed up for 8 years!How come nobody said anything about HIM (which is not true)?**Yall Screwed US for 400 Years!**Yall Raped and Tortured our men women and children for 400 years... 400 years!Maybe if somebody woulda cleaned they guns on yall we wouldn't be in this situation.

Well why don't you just **GO BACK WHERE YOU CAME FROM** since you hate the "situation" so much here.Stop complainin and still stayin here and collecting welfare and affirmative action!

What?Why don't YALL go back to where YALL came from?We aint got to go NOWHERE.**We was already here when yall got here!**

No yall wasn't!The only reason them Olmec Heads they found had thick lips, thick noses and wooly hair is because they didn't have the tools to make the lips and nose thin and the hair smooth!!!

And there we go. People sittin around fighting and about to kill each other over Race, The Tea Party and everything else, and have no clue of **WHAT THE IS IN THE ACTUAL HEALTH CARE BILL!** Aint read **ONE Paragraph** of what's in it! See how the game (**distraction #1**) works?

P.S. The discussion depicted above is meant for miscellaneous purposes only. Any resemblance to real persons, living or dead is purely coincidental. :)

Now, the Tea Party is saying all this and that about Obama. LOL... **The Tea Party is WORKING FOR OBAMA!** They are out there distracting people away from the conspiracy that they are "claiming" to be against. They are covering for the very man (or at least in the eyes of Black people by using racism) that they are claiming to expose. The reason why we didn't discuss how crazy the health care bill is after it was signed is because the Tea Party distracted us.

I remember when all of this foolishness began, I thought to myself... WOW... **this health care bill must really be JACKED up in order for the diabolical supremacists to have to send out people to act a plum fool to keep people diverted away from it!** See... Ladies and Gentlemen... It's a cold game out there.

Well Obama... Your Tea Party got you out of this one. But the cover-up aint gonna last forever.

And as for the diabolical ones, the Illuminati, the Vatican, the Black Pope, the International Bankers, The Zionists, the Round Table Group, the CFR, the Trilateral Commission, the Masonics etc etc... yall aint slick.

OOHH.. by the way, here is where to get the Health Care Bill.
