The Resurrection of Osama Bin Laden

"The details surrounding his death were sketchy, but the resurrection was clear"

Osama Bin Laden

March 10, 1957 – December 15, 2001 --> December 28, 2001 - May 1, 2011

Welcome to today's episode of the "**Illusion-ati**" files here on **Free Your Mind** Online. I let this subject go for a while (been really busy), but it certainly is not too late to speak on it now. A couple of months ago, May 1st, on the anniversary of the **public founding** of the Illuminati and also the anniversary of the alleged death of Adolf Hitler, the announcement was made that Osama Bin Laden had been killed. Now of course, a few hours after this announcement came out (just in case someone was going to ask for evidence), it was then announced that Bin Laden had "**already**" been buried at sea. Later on we were told that **no photos would be released** (so as not to incite additional violence). Um hmmm.

But I'm not here to talk about Osama Bin Laden's recent death. Today I want to talk about the resurrection that preceded it. You know, it's funny how people say that the details surrounding Bin Laden's death were sketchy. They of course should have been prepared for that, because the details were very sketchy about how Osama Bin Laden died... **THE FIRST TIME!** But to get the full gist of this story, we have to go back in time a little bit.

The Osama Bin Laden Timeline

In March of 1985 Ronald Reagan passed the National Security Decision Directive 166 ([NSDD 166](#)). According to Stephen Lendman in his article "Lies, Damn Lies and Bin Laden's Death", shortly after this "Pakistan's Inter Services Intelligence (ISI) recruited Bin Laden to fight Soviet Afghan forces as a **CIA asset**." Of course, Bin Laden (a.k.a. "[Tim Osman](#)") had been [in the CIA since 1979](#). This is very important info. Now, if you read my article [The "Pimp" Juice Conspiracy](#) then you know that before WWII, Adolf Hitler used a tool called [false flag terrorism](#) to take control of Germany. The Nazis' burned down Germany's Reichstag and blamed it on communists as a pretext to invade other countries and also in order to scare Germany's population into giving up their rights so that they (The Nazis') could take over. When the war ended, a large group of Nazis' were brought to the US under [Project Paperclip](#) and had all of these NAZI associations purged from their records. These Nazis' amongst other things [played a major role](#) (that is a nice way of saying it) in starting and organizing the CIA.

Now, it stands to reason that if the CIA's origin is in NAZI-ism, that they may very well be carrying on in the same monkey business tradition of the Nazis', which means **creating false enemies** and **terrorizing it's own people** to gain control of the population... right? Well consider this. In an interview with Alex Jones, [Aaron Russo](#) the producer of [Trading Places](#) and later on [Freedom to Fascism](#) stated that he was [told by Nick Rockefeller](#) 11 months before 9/11 that there would be an event, and that after the event, that we would invade Afghanistan and Iraq. And he also said that people would be **looking in caves** and that there would be a war on terror. And of course on September 11, 2001 we all know what happened. The following clip is from the BBC documentary "[The Power of Nightmares](#)."

<http://www.youtube.com/watch?v=mztfFd1Rk>

It is also interesting to note, that Former British Foreign Secretary, Robin Cook (who is shown in the above clip **chasing the phantom**), has stated that Al Qaeda (a.k.a. [the database](#)) is in fact was originally the [computer file](#) of the thousands of Mujahideen who were **recruited and trained with help from the CIA** to defeat the Russians. Yes, The Matrix is a computer program! Bin Laden also came out and [denied having any involvement in 9/11](#) saying that US secret services or Jews were probably behind it.

But wait, that can't be true can it? After all, on December 14th, the U.S. Government released a tape showing Bin Laden pulling a 180 and confessing to the 9/11 attacks. But the only problem was, he didn't look much like himself.

<http://www.youtube.com/watch?v=41UAnkQARFs>

But whether or not that was Bin Laden or not, that tape ended up being the death of Bin Laden. According to **U.S. Sergeant Major [Eric Haney](#)**, the U.S. Government Killed Osama on December 15th, 2001 in a massive bombing of Tora Bora. He even announced it on CNN (saying that he was 98% sure they got him - **video of this is below**). Eric stated that there was **no proof of life** from Osama Bin Laden after this bombing. Intelligence operatives had been intercepting Bin Laden's conversations by radio transmissions in Tora Bora, **but didn't hear anything after Dec 13th**. Now I realize that 98% is not 100%. And considering that there was no evidence of Al Qaeda found anywhere the governments looked, maybe Haney got that one wrong.

As a matter of fact, I'm not sure that there was a need to bomb Bin Laden. After all, Osama was **clearly on his last leg!** It was reported by Dan Rather on CBS that Bin Laden had been [reported to a Rawalpindi, Pakistan hospital](#) with kidney disease on September 10, 2001 . Didn't look like Osama was gonna last too long either way... does it? Bin Laden was reported to have been suffering from Hepatitis C , had an unspecified lung condition and according to CNN report, a London-based Arab news magazine said a they had a **purported will** written by Osama saying that **he was dying or was going to die soon**. It was also reported on CNN that Bin Laden had [aged enormously and apparently was on dialysis!](#) This report was in response to a Bin Laden tape that had been aired on December 27th, 2001. But this tape was [dismissed by the Bush administration](#) as sick propaganda possibly designed to mask **the fact the al-Qa'eda leader was already dead!**

Now, according to Fox News (the source we all trust), Osama Bin Laden [died a peaceful death](#). This was according to a man who said that he had attended Bin Laden's Funeral on December 26th, 2001. No proof of life? People saying they went to his funeral? Confirmation by the US government? Though all the details were not there, **Bin Laden was clearly dead**. But then...

The Resurrection

Then when Fatima was come where the CIA was, and saw them, she fell down at their feet, saying unto them, if the CIA hadst been here, my brother had not died.

When the CIA therefore saw her weeping, and the **false flag terrorists** also weeping which came with her, they groaned in the spirit, and were troubled.

And said, **Where have ye laid him?** They said unto him, **he's buried at sea**.

The CIA wept.

Then said the terrorists, Behold how he loved him!

And some of them said, Could not the CIA, armed with the knowledge of the NAZI scientists, have caused that even this man should not have died?

The CIA therefore again groaning in themselves cameth to the grave. It was a cave, and a stone lay upon it.

The CIA said, **Take ye away the stone.** Carmen, the sister-in-law of him that was dead, saith unto him, by this time he stank: for he hath been dead thirteen days.

The CIA saith unto her, **Said I not unto thee, that, if thou wouldest believe, thou shouldst see the glory of the Illuminati?**

Then they took away the stone from the place where the dead was laid. And the CIA lifted up their eyes, and said, **Father Illuminati, I thank thee that thou hast heard me.**

And I knew that thou hearest me always: but because of the people which stand by I said it, that they may believe that thou hast sent me.

And when he thus had spoken, he cried with a loud voice, **Osama, come forth.**

And he that was dead came forth, bound hand and foot with graveclothes: and his face was bound about with a napkin. the CIA saith unto them, **Loose him, and let him go.**

Osama Bin Laden Still Alive

It took a while, but Bin Laden eventually got himself back together and began to **unleash more terror** on the U.S. of A. And of course, with a brand new body, a brand new religion, and the brand new mannerisms that he picked up from the CIA right before he released his confession tape (on the 14th of Dec), he was able to go undetected.

On November 12th, 2002, an Arab television channel (Al-Jazeera) broadcasted an audiotape by Bin Laden where he called Bush a modern day pharaoh, and took credit for a series of terrorist attacks stating that the reciprocal acts were a part of justice.

On February 11th, 2003, the Al-Jazeera channel broadcasted [another audiotape of Osama Bin Laden](#). This one called for Iraqis to carry out suicide attacks against the U.S. and Israel. The U.S. government said that the tape was "**probably**" genuine and provided evidence that Bin Laden had survived the Afghanistan war and was **still alive**. On the next day, Colin Powell stated that this tape [established a link](#) between **Al Qaeda and Iraq**. We invaded Iraq about a month later.

On September 10th, 2003, Al Jazeera aired a videotape of Bin Laden walking with Ayman al-Zawahiri (his second in command) through mountainous terrain. They talked and made reference to the second anniversary of 9/11.

On April 15th, 2004, Osama Bin Laden came out with another audio tape (also broadcasted on Al Jazeera). In this tape, Bin Laden offered a truce to any European nation that didn't "carry out an onslaught against Muslims or interfere in their affairs as a part of the big American conspiracy against the Islamic world".

On May 7th, 2004, an unspecified Islamic website released a recorded message from Osama in which he offered 22 pounds of gold to anybody who would kill Paul Bremer (the Coalition Provisional Authority head) or any top U.S. military officers, and 10 kilos of gold to anyone who would kill the American chief commander or his deputy in Iraq.

On Oct. 29th, 2004, Osama Bin Laden released a videotape ([looking healthier than he did before 9/11](#)) right before the U.S. presidential selection in which he **again** took responsibility for the 9/11 attacks.

On Jan. 19th, 2006, Bin Laden came out with yet another tape. In this tape, he offered a truce to the United States if it withdraws from Iraq and Afghanistan. He also promised that more acts of terror were on their way!

On Feb. 20th, 2006, on an unspecified militant website, Osama released a more comprehensive version of the previous tape. In this version, Bin Laden stated, "**I will never be taken alive**"

On May 24th, 2006, Bin Laden struck again. In this 5 minute recording, he claimed that Zacarias Moussaoui had nothing to do with 9/11. Zacarias was the only man that was ever convicted (and was to serve 6 life sentences) in the U.S. in connection with 9/11. This is interesting considering that some of the hijackers were [still alive and well](#). Bin Laden said that he was in charge of the 9/11 assignments, but he never assigned brother Zacarias.

On June 30th, 2006, Bin Laden released yet another tape and mourned the death of Abu Musab al-Zarqawi. Al-Zarqawi (the leader of **Al Qaeda in Iraq**) had been killed in a U.S. air strike on June the 7th.

On July 14th, 2007, right after the [Lal Masjid siege](#), by the Pakistani government, Bin Laden released another tape that was posted on militant Jihadi web sites. In this tape, he stressed the importance of martyrdom for Muslim causes.

On September 07th, 2007, Bin Laden unleashed yet another video ([this time looking even younger](#)) criticizing U.S. Foreign policy and suggesting that Americans convert to Islam.

On September 11th, 2007, another tape was released of Bin Laden dressed the same way. In this tape, he gave the last will and testament to the 9/11 hijacker Waleed al-Shehri.

Yes, it was clear that Bin Laden (though there was much talk, but not much action) was on a mission! But in late 2007, a glitch in the Matrix seemed to occur. Pakistan politician [Benazir Bhutto](#) (having twice been the Prime Minister) did an interview on with David Frost on November 2nd. In this interview, Bhutto said something very interesting.

Now if you tune in around 2:15 on this interview Bhutto certainly **seems** to claim that Osama Bin Laden had been murdered by a man named [Omar Sheikh](#). What is deep about it is, she said it without hesitation as if it was **common knowledge**. David frost never questioned her statement. Now... This would be, of course a new revelation, as Omar Sheikh was a British Intel agent who had committed multiple crimes (which is not to imply that there is such thing as a British Intel agent that doesn't commit crimes), but was never brought to justice because he was the US & British Government's "penetration" into the senior leadership of Al Qaeda.

Now, don't get me wrong. I watch a lot of sports. So I realize that many times when people say things (via news, twitter etc) the **media takes it all out of context**. And, I'm sure that Bhutto was going to come back out and explain what she really meant. After all, Bin Laden released another tape on **Nov 29th**. But unfortunately, before she got another chance to clarify her remarks, Bhutto was killed... in an "[accident](#)." The BBC later on censored her interview and cut out the Bin Laden part. [Check it out here](#). I hear that the video was later reinstated after complaints.

But anyway... Moving right along. Still alive, Osama Bin Laden kept it moving. He kept releasing tapes, and plotting terrorist acts through Al Qaeda, which kept the U.S. on their toes! He released various [recordings and videos](#) on December 29th, 2007, March 19th, 2008, March 20th, 2008, May 16th, 2008, May 18th, 2008, January 14th, 2009, June 3rd, 2009, September 13th, 2009, September 25th, 2009, January 24th, 2010, January 29th, 2010, March 25th, 2010, October 1st, 2010, October 2nd, 2010, October 27th, 2010, January 21st, 2011 and it has now been revealed that Osama Bin Laden actually [had plans to kill Obama on a plane](#)! Wow... Osama was truly off the chain.

But guess what. Obama don't play dat!!!! So on May 1st, 2011...

Congratulations to the Obama administration. You have killed Osama for the second time. And this time, I don't think he will be coming back. But ladies and gentlemen don't you dare get comfortable! The threat is not over. Like Obama said, Al Qaeda ([Now 2.0 - The Upgraded Version](#)) will continue to plot attacks against us, so we must remain vigilant. And it has also been reported that Al Qaeda has [chosen its NEW leader](#), so the threat of terror is still alive. So just in case you thought we were out of the police state, you are wrong. The U.S. must continue to monitor and watch over it's citizens. But... this feels good for right now. I'll see you after the next "event!"

So until next time
